**'All Moving Forward  
Together'**

21<sup>st</sup> January 2019

Dear Parents/Carers

As part of our learning in Science, about Living things and their habitats we would like to take the Year 2 children on a special trip to the Bempton Cliffs RSPB site and the Living Seas Centre at Flamborough. At the Bempton Cliffs nature reserve trained RSPB staff will introduce the children to the birds that live on the cliffs and the special habitat there. Children will have supervised access to binoculars and telescopes to observe a range of birds in their nests on the cliffs. At the Living Seas centre children will be introduced by trained staff from the Yorkshire Wildlife Trust, to a wide range of creatures that live on the shore.

The trip is booked for the 6<sup>th</sup> June and is in addition to the annual Year 2 trip to Sewerby Hall and Zoo in the summer term.

In order to keep the cost reasonable for parents we are asking the Year 2 children to undertake some fundraising activities to help with the cost of this trip. The fundraising activities will also help our children appreciate how much things cost and help them with their Maths when counting the money! The planned fundraising activities will include a crispy bun sale and an afternoon tea and cake sale. Details of these will follow nearer the time.

The cost of this trip is £16 per child but this will be reduced by the amount raised from the fundraising activities.

We are very fortunate to have such a fabulous natural resource so near. We thank you for your support to enable your children to appreciate the natural wonder on their doorstep.

Year 2 staff
