

## Foundation Stage

### Weekly Learning – W/C – 4<sup>th</sup> May 2020

#### Traditional Stories- The Three Little Pigs

Here are the weekly activity suggestions which link to things we would usually be learning this week in school. These can also be supplemented with other activities given on the school website. Please do what you can when you can and don't feel pressure to complete everything every day. This is simply a guide to help add some routine to your day – do what works best for your child and family circumstances. Again please be reassured that when we return to school we will be focussing on your individual child's needs and tailoring additional support specifically to this.

##### Phonics/spelling

Sing the Alphabet song, clicking fingers or swaying!

This week new sounds;

th ee

Teach reading and spelling the tricky words: the they he was

**The websites below have different activities and videos you can watch that are linked to these sounds.**

Phonics play - <https://new.phonicsplay.co.uk>

Espresso

##### English

Read the story of The Three Little Pigs ([Click here for a video of the story being read if you don't have a copy of the book](#)). Children to draw a Story Map by folding a piece of paper into four sections and drawing a picture of the story in section. Label things in the picture sounding out words such as "pig" and "sun".

##### Maths

WhiteRose maths is also a fantastic website providing activities for the children. There are interactive activities to do on here each week, based on Foundation learning. You can adapt this to suit the learning style of your child by using the concept whilst out on your walk, in the garden or using maths whilst doing some baking perhaps. You can do number recognition and counting of numbers to 20. In school we would be looking at comparing two containers and finding out which holds the most/least.

Whiterose Maths –

<https://whiterosemaths.com/homelearning/>

##### Topic: Materials

Talk about the things the pigs used to build their homes and talk about which house was the strongest and why. Look at patterns of bricks on buildings.

## PE

These lessons are really good to get you moving in a morning! It gives the children chance to use different muscles, learn all about the importance of warm ups and cool downs as well as using their co-ordination for some of the exercises. They are live on YouTube at 9am, but saved on his YouTube channel so you can access them whenever you want throughout the day. Fancy Dress Friday is fun, we would love to see what you dress up as!

Daily PE with Joe Wicks.

If you fancy something a little less energetic, these yoga classes are a good way to develop their flexibility, movements of different parts of their body and allows them to stretch too.
