

Year 2 Weekly Learning – W/C – 4th May 2020

Here are the weekly activity suggestions which link to things we would usually be learning this week in school. These can also be supplemented with other activities given on the school website. Please do what you can when you can and don't feel pressure to complete everything every day. This is simply a guide to help add some routine to your day – do what works best for your child and family circumstances. Again please be reassured that when we return to school we will be focussing on your individual child's needs and tailoring additional support specifically to this.

Phonics/Spelling

This week's spellings focus on adding a suffix and doubling the consonant. They are: beginning, dropping, humming, sitting, stopping, sobbing, travelling, rubbed, slipped and stopped.

There are videos and activities to support learning about suffixes on https://central.espresso.co.uk/espresso/primary_uk/subject/module/video/item910988/grade1/module910304/collection910318/section910923/index.html

Additional games to support phonics can be found on Phonics Play - <https://new.phonicsplay.co.uk>

English

BBC Bitesize provides varied and interesting activities each day that are supported with video clips - <https://www.bbc.co.uk/bitesize>

This week's lessons focus on using commas and vocabulary about the UK.

Keep encouraging your child to read. Alternative online sources can be found at: <https://www.storylineonline.net/>
<https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/>

Maths

Two options for daily maths activities are available to choose from. Both have slideshows or videos to watch and activities to complete each day. The focus for this week is addition and subtraction. Remember you can use the little maths book we sent home to write the answers in.

Whiterose maths - <https://whiterosemaths.com/homelearning/>
or BBC Bitesize - <https://www.bbc.co.uk/bitesize>

If you want to find other maths games to help you remember maths facts and practise what you know, visit Topmarks Maths for 5-7year olds. You can choose any category and any game.

Topmarks Maths - <https://www.topmarks.co.uk/maths-games/5-7-years>

Topic/Science/RE

This week we can find out about Emmeline Pankhurst, Africa, Parts of plants and coding.

Lessons can be found at:

BBC Bitesize - <https://www.bbc.co.uk/bitesize>

Additional coding activities can be accessed on the Coding section on Discovery Education using the Espresso login -

<https://central.espresso.co.uk/espresso/coding/lessons.html#/coding/units>

PE
