

Year 1 Weekly Learning – W/C – 1st June 2020 Who lives in the deep dark wood?

Here are the weekly activity suggestions which link to things we would usually be learning this week in school. These can also be supplemented with other activities given on the school website. Please do what you can when you can and don't feel pressure to complete everything every day. This is simply a guide to help add some routine to your day – do what works best for your child and family circumstances. Again please be reassured that when we return to school we will be focussing on your individual child's needs and tailoring additional support specifically to this.

Phonics/spelling

Alternative spellings for short and **sh** sounds

I have put two of the alternative spellings as there are quite a few of these so we will do the others next week.

s and ch is the alternative spelling for sh. Chef, sugar, sugary, machine. Can you spell these words and then write this silly sentence.

The chef made a sugary cake with a machine.

Practise recognition and recall of graphemes (this is the written sound). Can the children find things in the house or garden, or out on their daily walk/exercise that have the oa/ow sound in them written in either of these ways?

Teach reading and spelling the tricky words: every, everyone and everybody

Ask the children to write this silly sentence: I needed my coat to play in the snow at school.

The websites below have different activities and videos you can watch that are linked to these sounds.

Phonics play – https://new.phonicsplay.co.uk

Espresso

https://central.espresso.co.uk/espresso/primary_uk/subject/module/sub_modules_index/item72024/grad_ef/index.html?source=search-all-all-all&source-keywords=phonics_

Twinkl also has some good PowerPoints to access. Just search for phase 5 phonics. www.twinkl.co.uk

This week's spellings are:

- nineteen
- twenty
- number
- count
- zero

equals

Please use the look, cover, write, check method.

English

Below is a link to the BBC Bitesize website. This gives you daily lessons to work on and also activities and videos to go with each activity. They are based on the levels of year 1 so the children can access them. The activities change on a weekly basis giving you something different to do. The link is there to give you some ideas, feel free to complete the activity in a way you think would suit your child's learning style.

https://www.bbc.co.uk/bitesize

Maths

BBC bitesize, as explained in the English section are doing daily lessons for each subject and this is the same for maths. Again, look at the activity and change it to suit the learning style of your child, you could do the lesson practically or written down. If you are out on a daily walk/exercise the children could see how many different numbers/shapes they can see.

WhiteRose maths is also a fantastic website providing activities for the children. There are interactive activities to do on here each week, again based on year 1 learning. Again, you can adapt this to suit the learning style of your child by using the concept whilst out on your walk/exercise.

https://whiterosemaths.com/homelearning/year-1/

This week Whiterose maths is offering two alternative plans, one on capacity and measure and one on shape. This is in case you accessed the capacity lessons earlier in lockdown. All the worksheets you need can be found on our Home Learning page on the school website:

https://driffieldnorthfieldinfant.schooljotter2.com/learning-from-home

Topic: Art/Science

Our topic this half term would be 'Who lives in the deep dark woods? Lots of plants and flowers have started to grow now, below is a link to a flower hunt sheet. Can you go on a hunt to see how many you can find. Perhaps you could do a tally of how many you see. When you have done this, can you draw a picture of the flower you saw most of and the one you saw least of?

PE

Again I have left the links below for Joe Wicks and Yoga. I have also added a Cbeebies link which has some fun workouts to do.

Daily PE with Joe Wicks.
