

On Friday 6th November we will once again be holding a Happiness Day. During this day we will celebrate everything that makes us happy and everything we can do to help others feel happy too.

The children should come to school in their brightest clothes with their biggest smiles ready to enjoy all their favourite activities.

Pick a Pebble for Jo's Garden

In remembrance of our greatly missed nursery nurse Mrs Anderson we have been developing a special place in the Foundation Stage outdoor area to play and enjoy the activities Mrs Anderson loved to do with the children. As part of this Mr and Mrs Micklethwaite, who own Northern Sculpture in Driffield, have very kindly made a beautiful stepping stone to place in 'Jo's Garden'. This will be put in place very soon and we would like to incorporate some pebble artwork around it. To involve the children as much as possible we will be asking the children to draw some designs and would like to include pebbles brought in by the children. Please help your child find a pebble in the garden or whilst out on a walk and bring it into school to add to the collection.

Please bring your pebbles into school this week before
Thursday 22nd October – thank you
