### Skip2BFit

We have a Coach coming into school to hold skipping sessions throughout the day with children on Thursday 12th May. The Y2 children will be in PE kit as they have PE, everyone else will take part in their school uniform. Many thanks.

### Reminders

Our local residents have asked if you can please ensure that your children do not run into their gardens and onto their private property on your way to and from school. Thank you for your cooperation.

### Open Session

Our open session, the first in a very long time, went very well on Monday 9th May and it was lovely to see you all. We hope that you found it informative and gave you an insight into your child's school day. Hopefully we will be able to have another session where you can see your child's work next half term.

### New Starting Times

The new starting and collection times seem to be working well, however, it does appear that we have an increasing number of children arriving late to school, which does impact on individual children's learning. In all our classes teaching and learning starts as soon as the children enter the classroom and arriving even a few minutes late means that children are missing out on important teaching time. It is also important that children are entering the classroom at the same time as all the others because this can often impact on children's emotional wellbeing, making them feel different from the rest of the class. Irregular and late school attendance is monitored and under the Local Authority attendance policy this can lead to a fixed penalty of up to £1000 being issued to parents and carers. Please ensure your child is on the school premises by the time their class enters school everyday. Thank you.
